

Customer Specific Product Stewardship Information n° 2024.01 Regulatory information concerning NMC Cellfoam

European Regulations and Directives

For the manufacturing of products commercialized by NMC Cellfoam we do not intentionally add substances listed in the following European Regulations / Directives:

- 2019/1021/EU (Persistent Organic Pollutants (POPs))

US Regulations and Directives

For the manufacturing of products commercialized by NMC Cellfoam we do not intentionally add substances listed in the following US Regulations / Directives:

- US EPA Toxic Substances Control Act (TSCA)
- California Proposition 65

Substances or substance groups

For the manufacturing of the products commercialized by NMC Cellfoam we do not intentionally add the following substances / substance groups during the manufacturing:

- Biocides
- Fire retardant additives
- Halogenated substances
- Per- and polyfluoroalkyl substances (PFAS) including Perfluorooctanoic acids (PFOA) and Perfluorooctanesulfonic acids (PFOS)
- Phthalates
- Short-chain chlorinated paraffins (SCCPs), medium-chain chlorinated paraffins (MCCPs) and long-chain chlorinated paraffins (LCCPs)
- Polycyclic Aromatic Hydrocarbons (PAHs)
- Asbestos

Above listed statements are based on our current understanding of the regulatory requirements, our production processes and information provided by our material suppliers. Though dangerous substances are not added intentionally, the presence of impurities or insignificant traces due to contamination of materials cannot be excluded.

Kinnahult, July 2024

Jarek Pogorzelski
Sustainability and Compliance Manager

Disclaimer:

This customer specific Product Stewardship Declaration has a validity of 1 year starting from the date of signature. The information provided is based on our current understanding of the regulatory requirements, our production processes and information provided by our material suppliers. It doesn't constitute in any matter a guarantee, nor does it engage in any way NMC's liability. The customer bares the responsibility to check suitability of products listed in Annex I for their intended use.
